

TORUS

Sanitation has not evolved.

Sanitation without visibility is uncontrolled.

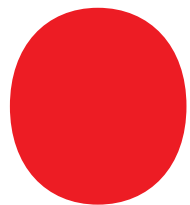

No system. No control.

PROBLEMS

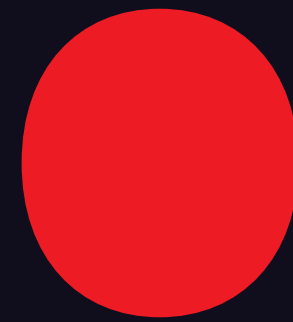

CLEANING IS PERFORMED
BUT NOT MEASURED

ISSUES ARE DISCOVERED
NOT PREVENTED

ACCOUNTABILITY IS ASSUMED
NOT VERIFIED

CLEANING IS PRESENT.
VISIBILITY IS NOT.

Visibility begins here.

CleanScore™

SANITATION. MEASURED. VERIFIED. CONTROLLED.

CleanScore™

01

MEASURE

Every space is
tracked in real time

02

VERIFY

Work is validated
with proof.

03

CONTROL

Issues trigger
immediate action.

CORE OPERATION, REAL-TIME
INTELLIGENCE LAYER

This is the shift.

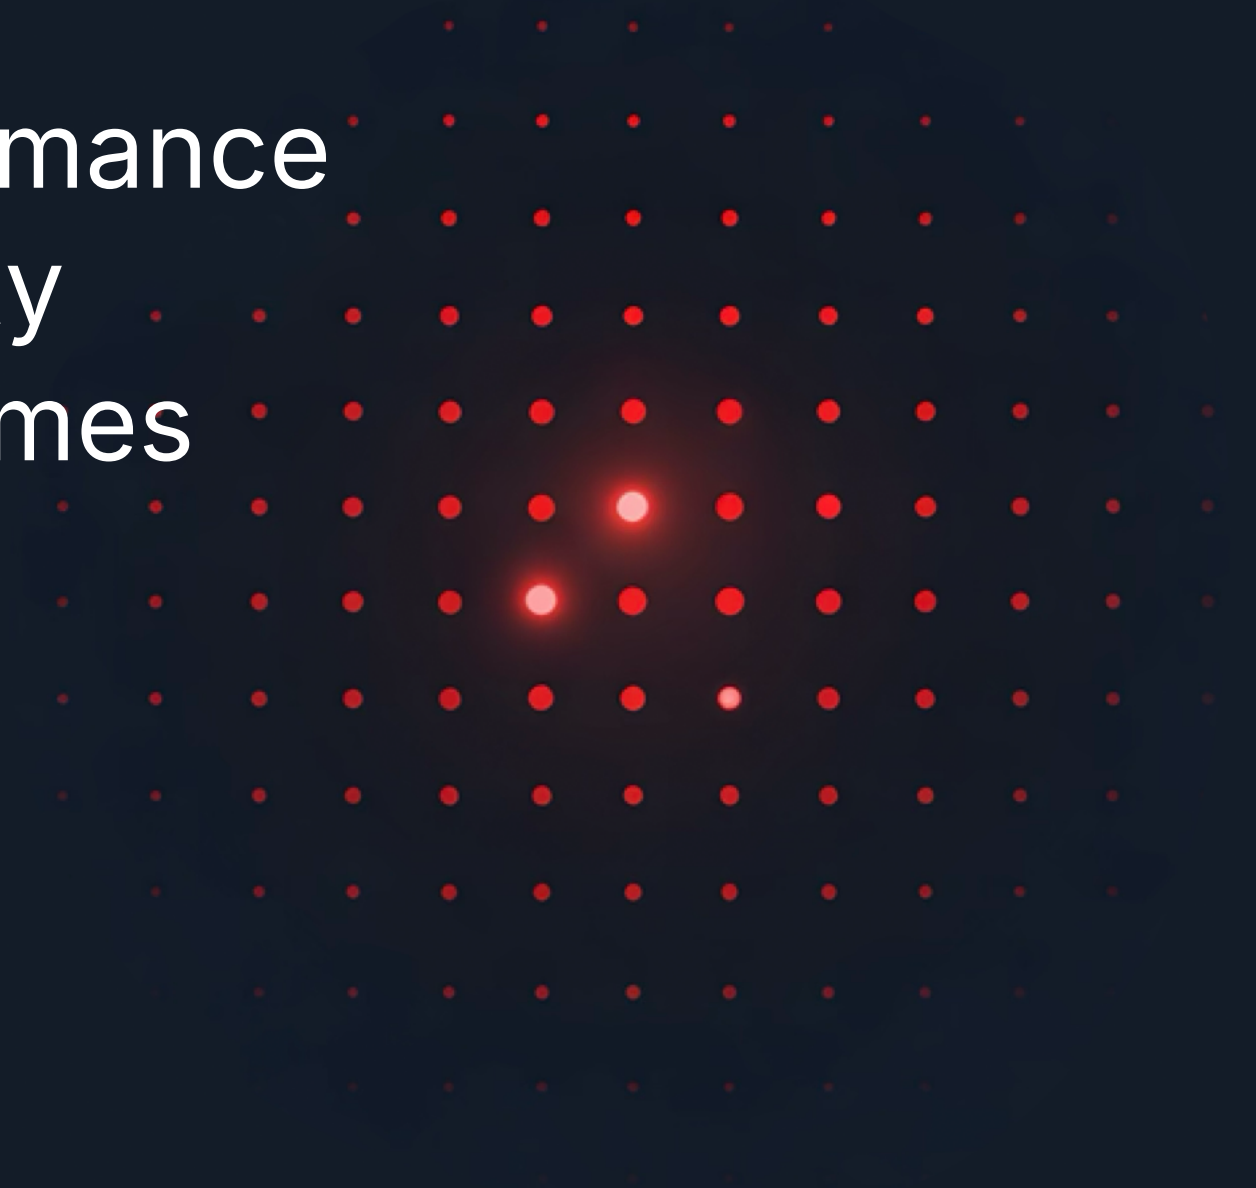

SERVICE

Task -based
After the fact reporting
Reactive

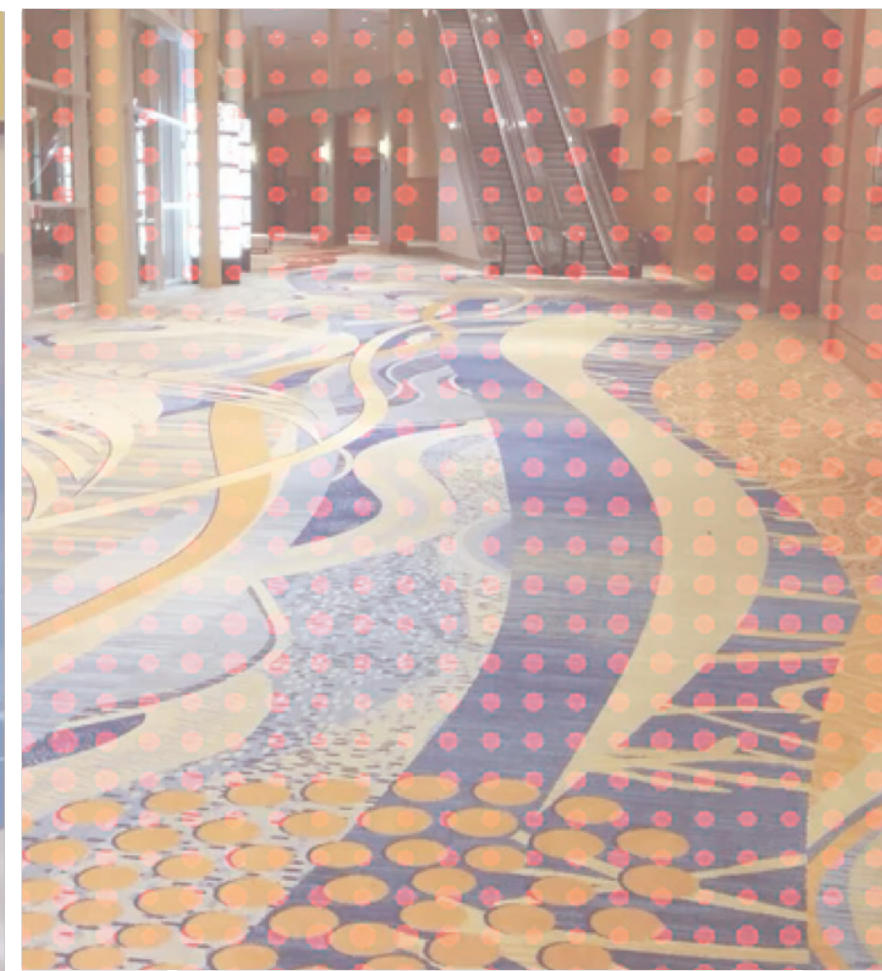

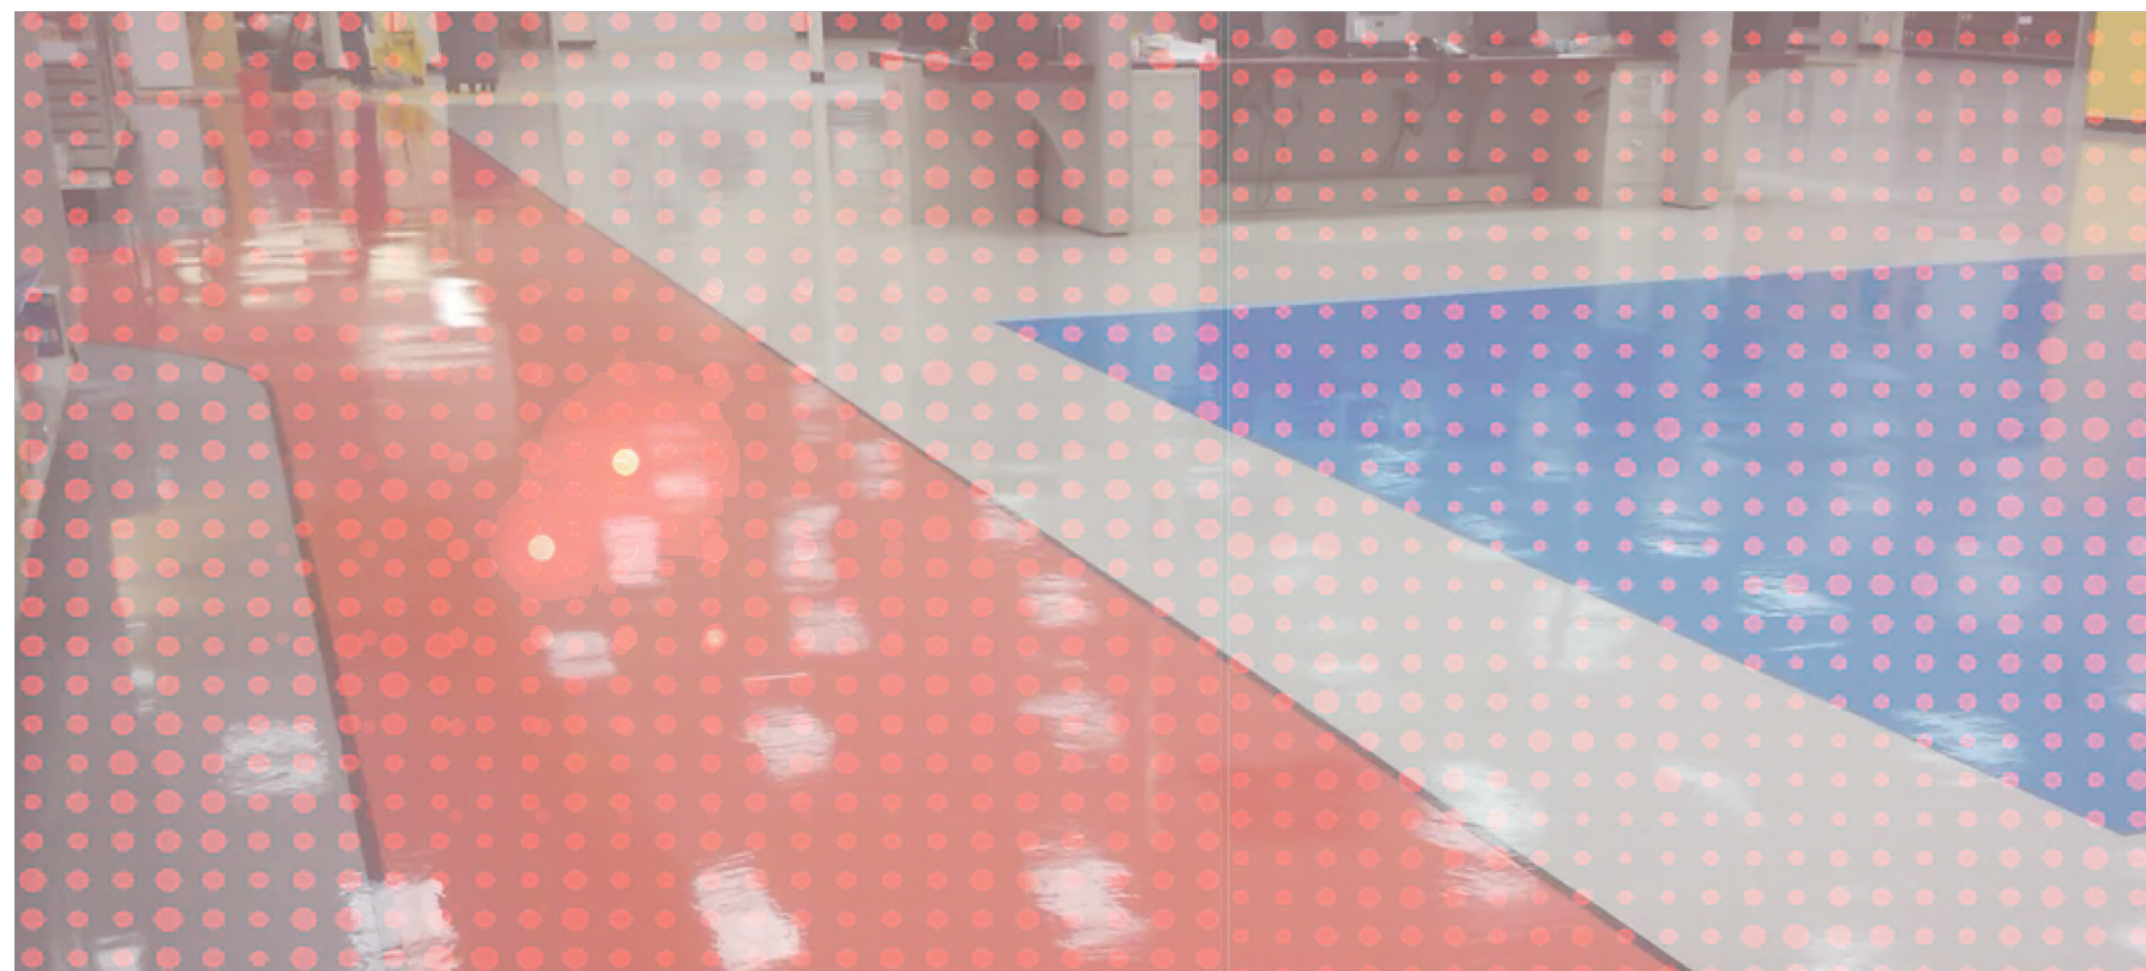

SYSTEM

Measured performance
Real-time visibility
Controlled outcomes

TORUS

This is not just theoretical.

TORUS

BUILT FROM 25+ YEARS INSIDE
REAL OPERATIONS

The result is simple.

Sanitation becomes a controlled system.

Not something you hope is happening... *something you can prove.*

TORUS

Right now, sanitation is something you trust.

WITH TORUS...

You don't have to. You will know.
